

Campaign Dictionary

The campaign dictionary is a single database of all the standard names and text blocks used throughout each site. Administrators can define how the system names these standard items across the event site. Some items to look at:

- Page footer
- [Global Terms](#)
- 404 page text
- Registration waiver text
- Donation "thank you" text
- How to refer to different members (*e.g.*, fundraiser, attendee)

The campaign dictionary is accessible from the left sidebar of the admin panel.

	Name
 Home	<input type="checkbox"/> Global - Blog Term
