

# Individual Fundraising Campaign Settings

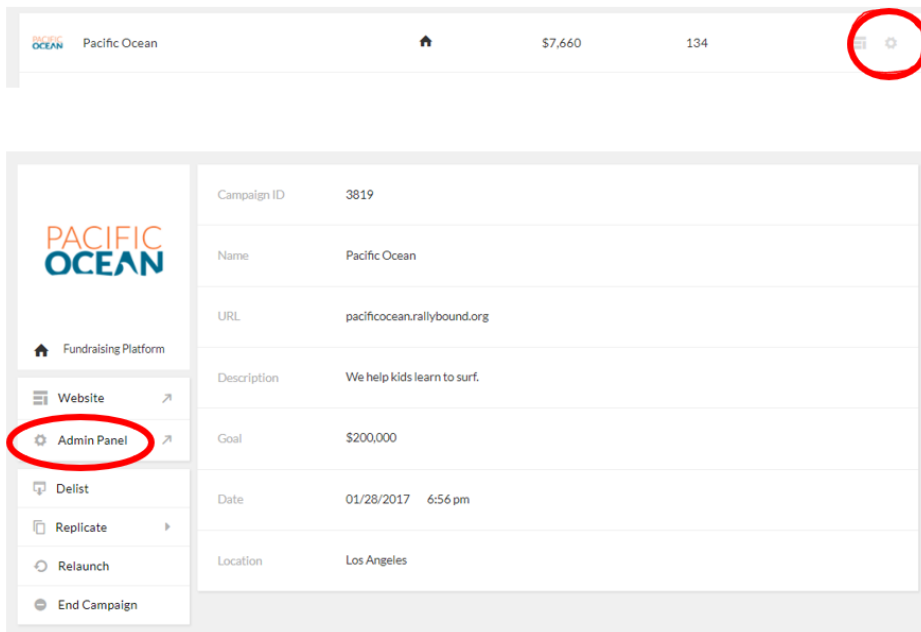

When you initially log into Rallybound the view you see provides settings for the organization. We refer to this view as your ORGANIZATION or PLATFORM ADMIN. You can see videos that walk you through this functionality [here](#).

The screenshot shows the Rallybound dashboard for Pacific Ocean Nonprofit. At the top, there are navigation links for Campaigns, Administrators, and Support, along with a search bar and a user profile icon. Below the header, there are tabs for ACTIVITY, STATISTICS, and SETTINGS. A red plus sign is visible in the top right corner. The main content area displays a table of campaigns with columns for NAME, TYPE, AMOUNT RAISED, and MEMBERS. The table lists four campaigns: Run/Walk Series, Endurance Program, Pacific Ocean, and Memorial. The Pacific Ocean campaign is highlighted with a red circle around its settings icon.

NAME	TYPE	AMOUNT RAISED	MEMBERS
Run/Walk Series		\$83,454	335
Endurance Program		\$34,955	54
Pacific Ocean		\$7,660	134
Memorial		\$3,535	12

To access the CAMPAIGN ADMIN you would want to select the "cog" on the far right side or double click on any campaign row so "Admin Panel" appears on the left hand side.

The screenshot shows the Campaign Admin panel for Pacific Ocean. The top section displays the campaign name, amount raised (\$7,660), and number of members (134). A red circle highlights the settings icon (a cog) in the top right corner. Below this, a sidebar menu on the left contains several options: Fundraising Platform, Website, Admin Panel (highlighted with a red circle), Delist, Replicate, Relaunch, and End Campaign. The main content area displays the campaign details:

Campaign ID	3819
Name	Pacific Ocean
URL	<a href="http://pacificocean.rallybound.org">pacificocean.rallybound.org</a>
Description	We help kids learn to surf.
Goal	\$200,000
Date	01/28/2017 6:56 pm
Location	Los Angeles

Once you enter the Admin Panel you can access the individual settings for your fundraising campaign. The most important area to update after a campaign has been replicated or relaunched is "SETTINGS" > "CAMPAIGN SETTINGS".

Make sure you update the year as this is the year in which reports will list.
